"THE THAT IS WITHOUT  
THIS SIN."

**THE SYMPATHETIC** and the  
lover of fair play cannot help  
but feel sorry for Ethiopia, about to  
be gobbled up by Italy.

The little kingdom in the high hills  
of northeastern Africa does not seem  
to have a chance to retain its liberty.  
It's fate seems sealed.

Italy is determined that it will  
fight and conquer Ethiopia and hold  
it forever as an Italian possession.

It seems it is unjust, but isn't  
that course followed by all the great  
world powers? Is Italy alone in this  
transgression?

What happened to the ancient Inca  
empires of South America? What  
happened to the North American In-  
dians? Africa and other states of  
North Africa were once free. Now  
they are in bondage to Britain.

Was it the gold reefs in the Rand  
and the diamonds at Johannesburg  
that caused the downfall of the  
Transvaal and the Orange Free  
State? Was it rubber that sealed  
the fate of Belgian Congo? Why is  
not Borneo, a free country?

Italy has not introduced a new  
formula in its current move for wider  
empire. She is simply following the  
time-worn pathway of great world na-  
tions. Who, of all the nations, has  
been on earth, can with a clear conscience  
point the finger of blame at Mussolini?

The governments of nations may  
clothe their utterances with high-  
sounding phrases calculated to lead  
to the belief that they are noble and  
strategic. But in each government  
are men who are realists and who  
know that might is increased by  
over-reliance on the weak.

That is the real policy of great na-  
tions. It is also the policy of nature.

#### CHANGED CONDITIONS IN WHEAT MARKET

**THE FLOUR** at which the new  
federal wheat board will fix the  
minimum price, for wheat in Canada  
is a matter of primary importance  
to the country.

It is believed that this price will  
be very close to 80c a bushel, which  
would give a return of around 65c  
to the farmer for No. 1 wheat at the  
local elevator.

A few weeks ago 80c would appear  
to be high for a minimum price. But  
conditions have changed drastically  
in the interim. That price does not  
look so high now.

The United States was on the  
verge of threshing a crop of around  
750 million bushels a month ago  
No. 1, due to rain principally, the  
crop is hardly likely to exceed 600  
million bushels.

A month ago Canada's crop looked  
like it would total better than 350  
million bushels. At least 60 million  
bushels have been lost of as the  
result of rust damage.

The United States needs around  
650 million bushels of wheat for its  
further own requirements. The crop  
will not equal that figure this year.  
But a 50 million addition would pro-  
vide a surplus and that would have  
justified exports which would have  
meant lowered prices.

All this shows how rapidly the  
wheat situation can change. It is  
always in a state of flux, due to the  
dependence for yields on weather  
conditions. There is nothing sure or  
stable about world wheat production.

An 80c minimum price for Cana-  
dian wheat this year will mean con-  
siderable to the country. It is hoped  
that, in view of the prospects, Cana-  
dian wheat can find abundant mar-  
kets at a price of 80 to the wheat  
farmers.

### Annual Conference Women's Institute Huscar, August 2

HUSCAR, Aug. 2.—Owing to the  
heavy rain and wind last night,  
the Bow Valley Constituency Con-  
ference of the Women's Institute  
was put forward one day to Friday,  
August 2.

The morning session was cancelled  
but at one p.m. the strains of "The  
Maple Leaf" played by Miss Margaret  
Bell, L.R.S.M., accompanied for  
the session, called the gathering to-  
gether. E. J. Bell welcomed the W.  
I. Ladies and wished that their Con-  
ference might be a happy and suc-  
cessful one: Mrs. M. L. Thompson of  
Coadville, the District Director, re-  
sponded. The minutes were approved  
as read. The financial report, also  
given by Mrs. T. L. Montgomery,  
showed a balance of \$24.00 in the  
treasury. Mrs. Young, delegate from  
Chancellor, gave a good report of  
activities of that branch, showing 16  
members and an earning of \$72.50.

Mrs. J. V. Elliott, delegate for Hus-  
car, showed varied activities, 8 mem-  
bers and \$59.05 earned: Mrs. S. H.  
Edwards, Bassano delegate, showed  
much local Sunshine work done, 12  
members and \$37.15 earned this for  
the Huscar Girls Club, 22 members and  
\$70.00 earned. The trip to Calgary on  
behalf of the Girls' Institute and a  
local camping trip were among the  
important expenditures. Mrs. E. J.  
Bell, the Convent's report.

viewed the work of the constituency  
for the past few years, and urged the  
branch to take a very active part in  
Handicraft exhibits at the Provin-  
cial convention in Calgary in 1937.

Mrs. Edwards read a splendid pa-  
per prepared by Mrs. Corbett, on  
"Keeping Well," and its importance.  
Mrs. J. C. Lawson stressed the im-  
portance of our present system of ex-  
aminations, whereas important exam-  
ination questions are allowed to ap-  
pear, urged a higher standard for  
teachers, and more stress on the  
quality of the work.

Mrs. J. M. Whitley, in consider-  
ing the approaching election, dis-  
cussed the laws concerning citizen-  
ship of women. Mrs. G. C. Phillips  
advanced the need of serenity of mind  
and good health for the housewife.  
Mrs. H. D. Brown delighted the audi-  
ence by singing "The Girl," and re-  
sponding to the applause with "Good  
Night, Here But Good Morning  
There." Mrs. C. Hoffenstein gave a  
splendid report of our own Alberta  
Industries, calling to mind the im-  
mensity of our natural wealth in  
minerals and the variety of our in-  
dustries. Miss Anna Margaret Moffat  
fascinated the audience with a slide  
show. Mrs. D. Clark of Chiny gave a  
most interesting talk on the life and  
work of the prophet, Isaiah, and  
read some of her most touching  
poems. Mrs. H. D. Brown gave a  
good report on the present need of  
the work of the League of Nations.

Mrs. T. L. Montgomery gave a letter  
report on "Publicity." Miss Eleanor  
Hoffenower, L.R.S.M., played "Le  
Pavillon" and graciously responded  
to the applause with a second piano  
solo. Miss Phoebe Watson brought  
in a note of humor with her reading,  
and also her recitation. Miss Margaret  
Bell, L.R.S.M., played "Lichtstrahlen,"  
and also a second piano solo as en-  
core. Mrs. M. L. Thompson, direc-  
tor, gave many useful hints in the  
conducting of W.I. work, stressing  
the girls' club work. Her special  
message was that every woman be  
ready to cast a thoughtful ballot on  
August 22. She cited the great ac-  
complishments of many women of  
the past and of today. Miss Bertha  
Jant gave very sweetly "Mammy's  
Lullaby" and a jolly little encore.  
The audience enjoyed the treasurer's  
book in perfect shape. The resolu-  
tions proposed concerned matters in  
education, re live-year high school  
and more care in regard to examina-  
tions. "Thank-you" put on a play  
"Trying Them Out," which was a  
roaring comedy by Mrs. M. A. P.  
Rogers, J. M. Whitley, Frances  
G. C. Phillips and Miss C. Naylor tak-  
ing part. The handicraft exhibit was  
good. The judges, Mesdames D.  
Clark of Chiny, J. A. Schnitzer of  
Spokane and Mrs. J. Sanden of Hus-  
car awarded the points as follows:  
Bassano, 46; Huscar, 38; Chancellor,  
36. Mrs. Edwards was presented  
with the prize for the Bassano W.I.  
It was decided to pay the unit fees  
next year. At the resignation of Mrs.  
T. L. Montgomery, Mrs. S. Lawrie  
was appointed secretary-treasurer.  
Mrs. Bell's term of office had not ex-  
pired. The Bow Valley will hold its  
next conference in Bassano. The  
following are the conveners of the  
standing committees:

Child Welfare and Public Health,  
Mrs. Corbett, Bassano. Education  
and Better Schools, Mrs. J. C. Law-  
son, Huscar. Legislation, Mrs. J. M.  
Whitley, Chancellor. Household Eco-  
nomics, Mrs. G. C. Phillips, Chan-  
cellor. Candidation and Immigra-  
tion, Mrs. Edwards, Bassano. Agri-  
culture, Mrs. J. V. Elliott, Hus-  
car. Canadian Industries, Mrs. C.  
Hoffenstein, Chancellor. League of  
Nations, Mrs. T. Hoffenower, Bas-  
sano.

The lumber for farm repairs.

Grain cutting will be starting in  
a few days and in another week will  
doubtless be in full swing.

J. George and W. S. Pollock went  
to Calgary on Tuesday, going by  
with Colin Douglas.

## Vote For David Nelson

### Liberal Candidate for Bow Valley

He asks that every voter in the constituency who  
desires to see a constructive policy put into  
operation in this Province vote No. 1 for David  
Nelson.

He is definitely opposed to the plan of Social  
Credit advocated by William Aberhart and his  
candidates.

He invites a comparison of the Liberal platform  
and the matters advocated by him for this  
constituency with the platform and policies of  
each of the other parties and their candidates.

He submits that no other candidate has brought  
forward for your consideration any policy that  
compares for REAL DEVELOPMENT with that  
of the Liberal Party and as especially applied to  
this constituency.

He advocates that a closer co-operation be built  
up between the population of the Towns and  
Villages with that of the surrounding districts.

He is prepared to co-operate with the Manage-  
ment of the Eastern Irrigation District to the  
end that the fullest development of its possi-  
bilities may be brought about.

## CALGARY BOARD OF TRADE

### TAKES STAND ON SOCIAL CREDIT

IT having been represented to the  
Calgary Board of Trade that people were  
looking to it for some statement regard-  
ing Social Credit, the Council of the Board  
after prolonged and careful consideration  
of the arguments advanced for and against  
the proposals, has decided to submit the  
following as its considered conclusions on  
the subject:—

1. The proposals must necessarily involve  
crushing taxation entirely beyond the capacity  
of the people of Alberta to pay.
2. Any attempt to fix just prices can only result  
in incredible confusion and paralysis of business  
to the detriment of every producer and consumer.
3. The suggestion that dividends can be paid  
out of cultural heritage and undeveloped natural  
resources is impracticable and impossible.
4. The Social Credit monetary proposals will  
lead to a condition similar to that which occurred  
in Germany, involving the Province, the farmer,  
the wage earner, and others, in financial disaster.
5. The Social Credit proposals will isolate Al-  
berta and render it impossible for either the farmer  
or the business man to buy or sell to advantage.
6. Finally, such an experiment as is outlined by  
the Social Credit proposals will lead to chaos, and  
entail great suffering from which the province  
would not recover for many years.

**THREE CAMPAIGN MEETINGS  
IN BASSANO NEXT WEEK**

Liberals, Social Credit and U.F.A.  
are scheduled to hold campaign  
meetings in Bassano the coming  
week, all meetings taking place in  
the Community Hall.

David Nelson, Liberal, will have  
his meeting on Monday 19. W. E.  
Cain on Tuesday, and J. M. Wheat-  
ley, U.F.A., on Wednesday. Mrs. R.  
Gunn, former president of the U.  
F.W.A., will also speak at the latter  
meeting.

There will be no advance poll in  
Bassano, all voting being done on  
the day of the 22nd at the two pol-  
ling booths in the Town Hall. The  
Single Transferable Ballot will be  
used, in which voters mark "1" op-  
posite the name of their first choice,  
"2" opposite their second choice can-  
didate, and so on. Though not com-  
pelled to do so, voters are urged to  
make full use of their franchise in  
voting their four choices, because if  
one candidate is not elected by a  
clear majority, second and perhaps  
even third choice votes will play an  
important part in obtaining a candi-  
date. In no case is an "X" to be used  
in marking a ballot.

**TIRE BARGAIN**

We certainly do like selling these good Pathfinder Tires. We know they are a great bargain—that motorists will be pleased—and that further sales will result.

There is only one other tire that compares with this new Pathfinder and that is Goodyear's new G-3. Come in and see both these tires. We have your size and will give you At service and a written guarantee.
